

Altered the World

By Jihan Aouadi

Silence isn't always golden

I crave

Equality.

Mindfulness.

Justice.

Peace.

Courage.

The leader who aimed his significant words at us

It carried an intense meaning

Used its power to have the ability to change society

Improving the world with emancipation

Creating a pleasant environment

His faith, inexpressible

His words, mesmerizing

His kindness, inspirational

His patience, admiring

His confidence, created equal rights

The man who considerably influenced American society

Ceased racial segregation and discrimination

One second..

Think about life with racism and discrimination

Life would be extremely miserable

Without the one and only, MLK

Me.

A regular middle schooler.

What am I trying to point out?

He changed the world

Showed that appearance doesn't tell the whole story

Fought for what he believed in

No violence involved

Fearless of judgements

Thanks for inspiration

To others and me

Made a huge improvement to mankind

His name

Martin Luther King Jr.

Lost his life to a gloomy world

It used to be

And changed it

One of the most world changing activists

Rest in peace MLK

Your never forgotten

"Gone from our sight, but never from our hearts"
